Day-by-Day Itinerary

DAY

1

LAKE COMO

Welcome to Beautiful Lake Como

The adventure begins on the breathtaking shores of Lake Como. Whether arriving from a pre-tour stay in Milan or stepping directly into the journey today, settle into the village, the lake views and the slower rhythm that makes Como such a graceful opening.

Your Tour Captain introduces the Now Journey Discovery Walk style – a brief orientation that helps you feel at home before the more immersive sightseeing begins.

Tonight, gather for a welcome dinner. Now Journey dining is designed as a true event: family-owned, regional, often farm-to-table, with premium beverages and a chance to order from the menu rather than follow a set group-tour formula.

Now Journey dining concept

Cuisine is presented as part of the journey rather than a routine group meal: local chefs, regional specialties, seasonal ingredients and the pleasure of choosing from the menu. This opening dinner introduces that style from the first evening.

Hotel collection note

The Lake Como stay uses selected Classic and Deluxe collection properties. Deluxe examples include Hotel Villa Belvedere, Grand Hotel Villa Serbelloni, Grand Hotel Cadenabbia or similar. Classic properties are selected for location, private baths, air conditioning and breakfast.

Included highlights

- Meet-and-greet arrival support from Milan Malpensa for the Lake Como beginning.
- Discovery Walk with your Tour Captain.
- Welcome dinner featuring Lake Como regional cuisine.
- Two nights on Lake Como with breakfast.
- Hotel examples: Hotel Villa Belvedere, Grand Hotel Villa Serbelloni, Grand Hotel Cadenabbia or similar.

DAY

LAKE COMO

Exploring Spectacular Lake Como

After breakfast, join your Tour Captain for a morning on Lake Como. Stroll through Bellagio, uncover local history and then see the lake by water, taking in villas, villages and the alpine setting from a private boat perspective.

Lake Como is Italy's third-largest lake and reaches remarkable depths, with the Alps visible on clear days. The afternoon is left open so the elegant pace of the lake can do its work.

On free evenings, your Tour Captain will usually invite guests to an optional dinner, or you may explore independently.

Today's adventure

The day is designed around Lago di Como itself: Bellagio on foot, the surrounding water by boat and the sense of scale that comes from seeing villas, mountains and shoreline villages from the lake.

Pace of the day

After the morning experience, the afternoon stays intentionally open. Guests can linger over lunch, enjoy the waterfront, return to the hotel or simply let Lake Como be a restful beginning before the great cities unfold.

Included highlights

- Bellagio orientation walk.
- Private boat experience on Lake Como when conditions allow.
- Views of historic villas, shoreline villages and alpine scenery.
- Afternoon and evening at leisure.

Walking note: expect casual walking and standing, with stairs, cobblestones, boats and weather part of the Italian experience.

DAY

3

VENICE

Onward to Beautiful Venice

This morning, say arrivederci to Lake Como and travel toward Venice. Depending on the departure, the journey may be by fast train from Milano Centrale, micro-coach or sedan.

Upon arrival, a private water taxi takes you toward your San Marco-area hotel. After check-in and a little time to relax, enjoy a Discovery Walk through Venice's most iconic first impressions: Piazza San Marco, the Campanile, the Grand Canal and the maze of lanes and bridges.

Later, gather for a special Welcome to Venice evening, with cuisine that may draw from Veneto, Lazio and Campania.

Arrival by water

Venice announces itself differently from every other city. The private water taxi arrival, luggage portage and San Marco-area hotel check-in are practical details, but they also create the first emotional transition into La Serenissima.

Discovery Walk

The walk is an orientation rather than a full sightseeing tour. It helps guests place themselves around Piazza San Marco, the Campanile, the Grand Canal and the nearby lanes before the deeper Venice touring the following day.

Evening

The Welcome to Venice dinner is relaxed and celebratory, with cuisine from several regions and time to begin settling into the personality of the group.

Included highlights

- Transfer from Lake Como to Venice.
- Private water taxi arrival near San Marco.
- Discovery Walk including Piazza San Marco, Campanile and Grand Canal perspectives.
- Welcome to Venice dinner.
- Venice hotel examples: Hotel Saturnia and International, Hotel Monaco and Grand Canal or similar.

VENICE

The Story Begins

Venice's Secrets and Treasures is Now Journey's exclusive way into the historic port city. With expert commentary, explore the stories behind San Marco, the Doges, Casanova, Napoleon and the republic's former power.

The day includes St. Mark's Basilica, the Doge's Palace, the old prison and the Bridge of Sighs. Inside the basilica, pause for the mosaics and Byzantine architecture that make Venice feel suspended between East and West.

Later, just before sunset when conditions allow, enjoy an included gondola ride through Venice's canals with professional musicians. The balance of the afternoon and evening is yours.

Special sightseeing includes

- Doge's Palace, the seat of historic Venetian power.
- The old prison and Bridge of Sighs, with the famous final view of sky and freedom.
- Basilica San Marco, where mosaics and Byzantine architecture create one of Venice's great interior moments.
- Piazza San Marco, the Clock Tower, Caffè Florian, Napoleon stories and the Winged Lion.

Gondola experience

Later in the day, the included gondola ride is planned near sunset with professional musicians to make the moment feel genuinely Venetian. If weather prevents the ride, an alternate activity is substituted later in the tour.

Leisure time

The balance of the day is open for Venice at your own pace. Some guests prefer to simply wander; others may ask about Murano glass, shopping, churches or a quiet canal-side dinner.

Optional ideas

- Murano glass blowing demonstration can often be arranged on request.
- Optional dinner invitation from your Tour Captain after the gondola experience.

DAY

5

Tonight, your Tour Captain hosts a welcome dinner in Florence with authentic Tuscan cuisine, local wines and the generous hospitality of Fiorentini who love what they do.
